Ahmed Hassan

AI & Automation Engineer @VOIS | Technical Instructor @ ITI | Full Stack Developer
El Sheikh Zaid, Al Jizah, Egypt

Summary

I'm Ahmed Hassan, an AI & Automation Engineer, Full Stack Developer, and Instructor at ITI with hands-on experience building scalable web applications and automation-driven solutions.

My work spans full stack development, system automation, and delivering real-world technical training, where I focus on practical, production-oriented approaches and clean engineering practices.

I'm driven by continuous learning and enjoy tackling complex problems, whether through code, automation, or mentoring developers. Always open to meaningful collaborations, impactful projects, and new challenges
